

## President's Message Scott Barrett

Hello CUPE 8443 Membership!

Welcome to our third instalment of CUPE 8443's Newsletter! As spring approaches, we have many exciting things planned as we head into the last part of our school year!

As I have indicated in the past, we have a cost share with CUPE National under way. The cost share consists of several steps which your Communications Committee is in the process of working out a timeline to track the cost share. The first part of the timeline will include swag items for our membership which we will be bringing out to your buildings as soon as we have received the order. Once we have received the order we will be setting up delivery to your building and hopefully having some face to face chats with you, our Members. Once that is

Our honoured retirees at the Long Service Banquet. It was held March 3<sup>rd</sup>, 2018 at the Heritage Inn. Thank you for your service!

complete, we will be looking at public awareness actions, with the help of the membership. Keep an eye on your personal emails and on the website for more information.

You may have heard in the news that the Saskatchewan Government is putting 7.5 million back into education immediately and 30 million after the budget is announced in April. From what I understand the Board will be hiring 10 EA's to finish out the school year. Although this doesn't put back the 54 million taken out of education on the last budget, it certainly is encouraging, this is due to pressure from CUPE Saskatchewan and the lobbying efforts thus far. The public does not agree with funding cuts to education and they have made their voice loud and clear. We will continue to lobby for more funding into education and with your help, we certainly will make an impact.

We have just recently had our Saskatchewan Area Convention and President Tom Graham and Secretary Treasurer Judy Henry were re-elected to their positions. Congratulations to both Tom and Judy on being elected to their positions. I look forward to (cont. on page 4)

Article 5:05 and 12 (CUPE 8443 Collective Agreement)  
Right to Transfer Caretakers and EAII  
By Donna Nelson (Chief Shop Steward)

For Caretakers and EA II's there are a couple of Articles in the CUPE 8443 Collective Agreement that deal with and are relevant to *the right to transfer to different places that is done by SPSD Human Resources*.

### Article 5:05

**The Board reserves the right to assign Education Assistant II's and Caretakers without the requirement to post such positions. Therefore Article 15:01- Posting of Vacancies of the Agreement will not apply to such positions.**

**(b) Job location assignments for Educational Assistant II's and Caretakers shall be made by the Board.**

I will add to that Article language with something that

Human Resources personnel has reminded the Labour Management Committee when we bring issues from the implementation of transfers to them from time to time.

**“EA II's and Caretakers are hired to work within the School Board, not at locations”.**

The other Article that is important to keep in mind when being transferred is the first paragraph of the Article on Seniority. **Article 12 - Seniority**

**12:01 Seniority shall be defined as the length of continuous permanent employment with the Board and shall date from commencement of continuous permanent service.**

## ***CUPE K-12 Support Workers in South East Cornerstone Public School Division Reject Government Mandate, Ratify New Agreement***

POSTED ON [MARCH 15, 2018](#)

Members of CUPE Local 4689 and the employer, South East Cornerstone Public School Division, have ratified a new two-year collective agreement. Negotiations took place in the context of the provincial government's mandated 3.5% wage rollback and employer proposals of zero-percent wage increases.

The two-year agreement includes a lump sum payment of 1% for 2016 and a wage increase of 1% for 2017. Further gains in the agreement include an additional day for family illness, increased use of personal days, and new language addressing violence in the work place as well as expanded occupational health and safety language and better layoff provisions. Total monetary increases are estimated to be +3.32% over two years. "In spite of the government's wage mandate, we were able to reject concessions and bargain forward for our members," says Local 4689 President Jeannie Taylor. "Both sides were very respectful throughout negotiations and we had a productive round of bargaining. Considering the circumstances, we are proud of the deal we presented to the membership."

Almost 4,600 of the 7,000 CUPE education support workers across Saskatchewan have open collective agreements and are currently in bargaining or will be at the negotiating table in 2018. CUPE represents educational assistants, caretakers, administrative and library assistants, bus drivers, and many other classifications.

"CUPE has a national policy against concessions. We held our ground and benefited from a respectful negotiating party across the table," says CUPE National Representative Don Moran.

*CUPE is the largest union in Canada and in Saskatchewan. Of the 30,000 workers represented by CUPE in Saskatchewan, more than 25,000 currently have open collective agreements.*
